February 16, 2011: Creekwatchers Currents, Volume 4, Issue 0

Creekwatchers season will be kicking off soon!

Hoo-boy! I hope you're all getting as stoked as I am about the start of the season and the impending arrival of spring. This is a special issue of the Creekwatchers Currents (Issue 0) for veteran Creekwatchers. I'm looking forward to working with and learning from all of you in 2011. Thanks for helping us observe, record, and learn about our river!

Annual Training

In the past, we asked veteran Creekwatchers to attend an annual training session. Since the procedure for Creekwatching is established and we are not incorporating any major changes, we have updated our training policy. Beginning in 2011, Creekwatcher volunteers should attend training **every other year**.

Of course, we'd love to see you at the training if you can make it! This year, we will be holding our annual training at the fabulous Nanticoke Watershed Alliance office in Vienna (the old Nanticoke Inn across from Millie's--now with heat!). The training is scheduled to begin at 10:00 AM and should

end by 3:00 PM.

Please let me know if you will be attending our Saturday, March 26

Dates to remember:

March 26: Annual Creekwatchers Training, 10:00 AM-3:00 PM
Nanticoke Watershed Alliance office in Vienna

March 30: Kit Pickups at office in Vienna (All day)

March 31: Kit Pickups at Trap Pond State Park outside of Laurel (4:00 PM-7:00 PM)

April 5-6: First Creekwatchers Sampling Period of 2011!

training as soon as possible.

Kit Pick-up for Veteran Creekwatchers

If you **do not plan** to attend the training session, please plan on picking up your kit on the following dates:

- Wednesday, March 30 in Vienna from 9:00 AM-4:00 PM
- Thursday, March 31 at the Trap Pond State Park Nature Center outside of Laurel, Delaware, from 4:00 PM to 7:00 PM

Please contact me if you absolutely cannot pick up your kit at either the training or on one of these dates so that we can make alternative arrangements.

Is Your Info Current?

Has your mailing address, phone number, or email address changed? Has your availability for this year changed? Please let me know as soon as possible so that we can update your contact information and/or sampling site status. This is especially crucial for returning volunteers who will not be attending the March training.
